

This unique and creative formulation, containing human growth factors, a peptide complex, antioxidants, and other skin-restorative ingredients, combats against signs of aging, enhances the production of collagen and elastin, and rejuvenates the skin. Other elements also replenish the skin's fatty acids needed to hydrate the skin, leaving it soft, smooth, and restoring its youthful appearance.

Directions: Apply to the face, neck and décolleté, avoiding eye area. Allow to absorb before applying additional products. Can be used twice daily or as directed by your physician.

BIOPEPTIDE GROWTH FACTOR CREAM

GROWTH FACTORS
THD ASCORBATE
PEPTIDE COMPLEX

Made in USA

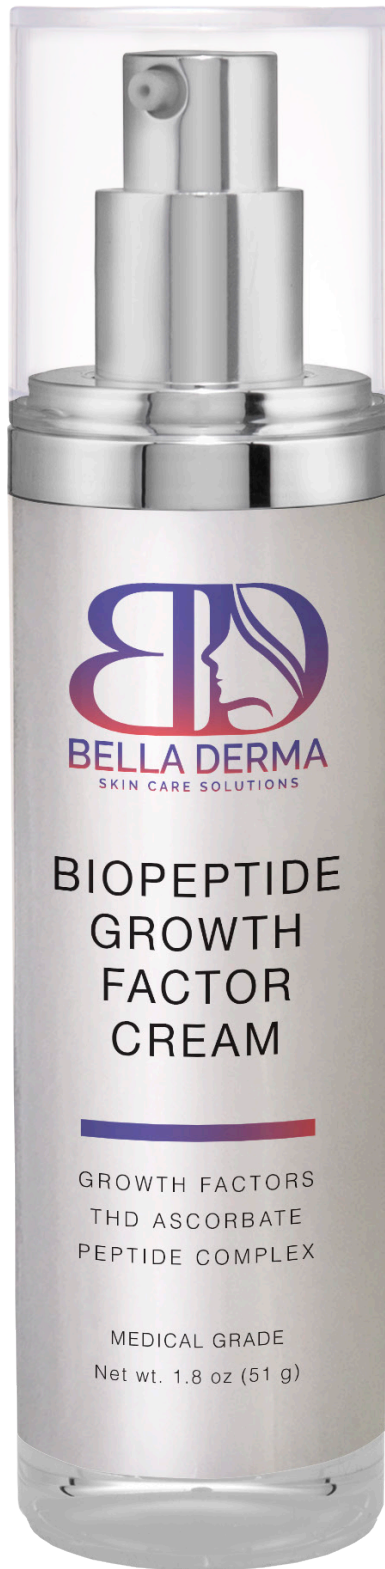

MEDICAL GRADE
Net wt. 1.8 oz (51 g)

Ingredient Highlights: Caprylic/Capric Triglyceride, Human Adipose Stromal Cell Conditioned Media (Growth Factor), Human Neonatal Fibroblast Conditioned Media (Growth Factor), Tetrahexyldecyl Ascorbate (Vitamin C), Squalane, Tocopheryl Acetate (Vitamin E), Swertia Chirata Leaf Extract, Palmitoyl Tripeptide-5, Ubiquinone (CoEnzyme Q10)

Ingredients: Water/Aqua/Eau, Glycerin, Caprylic/Capric Triglyceride, Human Adipose Stromal Cell Conditioned Media (Growth Factor), Human Neonatal Fibroblast Conditioned Media (Growth Factor), Glyceryl Stearate, Neopentyl Glycol Diethylhexanoate, Isopropyl Myristate, Tetrahexyldecyl Ascorbate (Vitamin C), Maltodextrin, PEG-100 Stearate, Undecane, Cetyl Alcohol, Dimethicone, Squalane, Phenoxyethanol, Tridecane, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Tocopheryl Acetate (Vitamin E), Ethylhexylglycerin, Sodium Hydroxide, Disodium EDTA, Swertia Chirata Leaf Extract, Benzylsulfonfyl D-Seryl Homophenylalanine Amidinobenzamide Acetate, Citric Acid, Palmitoyl Tripeptide-5, Ubiquinone (CoEnzyme Q10)

BioPeptide Growth Factor Cream

RECOMMENDED SKIN TYPES

INGREDIENT HIGHLIGHTS

- Caprylic/Capric Triglyceride, Human Adipose Stromal Cell Conditioned Media (Growth Factor), Human Neonatal Fibroblast Conditioned Media (Growth Factor), Tetrahexyldecyl Ascorbate (Vitamin C), Squalane, Tocopheryl Acetate (Vitamin E), Swertia Chirata Leaf Extract, Palmitoyl Tripeptide-5, Ubiquinone (CoEnzyme Q10)

DESCRIPTION

This unique and creative formulation, containing human growth factors, a peptide complex, antioxidants, and other skin-restorative ingredients, combats against signs of aging, enhances the production of collagen and elastin, and rejuvenates the skin. Other elements also replenish the skin's fatty acids needed to hydrate the skin, leaving it soft, smooth, and restoring its youthful appearance.

BENEFITS

- Utilizes our HumiGrowth® technology, which is a synergistic technology of powerhouse, anti-aging ingredient, including: Human Growth Factors, antioxidants, and a peptide complex.
- Contains an ester of ascorbic acid that inhibits the tyrosinase activity, protects against UVA/UVB damage, and reduces melanin synthesis by up to 80%
- Powerful antioxidants and radical scavengers protect the skin surface lipids (SSL) from oxidative stress and strengthen the skin barrier function
- Smooths and blurs the appearance of vertical wrinkles after only 7 days
- Tripeptide complex present uniquely mimics the human body's own mechanism to produce collagen
- Up to a 76% increase in collagen level within the skin
- Improves overall appearance of skin complexion and skin firmness

DIRECTIONS FOR USE

- Apply to the face, neck and décolleté, avoiding eye area. Allow to absorb before applying additional products. Can be used twice daily or as directed by your physician.

INGREDIENTS

- Water/Aqua/Eau, Glycerin, Caprylic/Capric Triglyceride, Human Adipose Stromal Cell Conditioned Media (Growth Factor), Human Neonatal Fibroblast Conditioned Media (Growth Factor), Glyceryl Stearate, Neopentyl Glycol Diethylhexanoate, Isopropyl Myristate, Tetrahexyldecyl Ascorbate (Vitamin C), Maltodextrin, PEG-100 Stearate, Undecane, Cetyl Alcohol, Dimethicone, Squalane, Phenoxyethanol, Tridecane, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Tocopheryl Acetate (Vitamin E), Ethylhexylglycerin, Sodium Hydroxide, Disodium EDTA, Swertia Chirata Leaf Extract, Benzylsulfonyle D-Seryl Homophenylalanine Amidinobenzamide Acetate, Citric Acid, Palmitoyl Tripeptide-5, Ubiquinone (CoEnzyme Q10)

Announcing our new **BIOPEPTIDE GROWTH FACTOR CREAM**

fortified with HumiGrowth®

- Hydrates the skin
- Boosts collagen
- Visibly improves skin's firmness
- Reduces wrinkle depth
- Inhibits tyrosinase activity
- Provides powerful antioxidant protection

An all-in-one anti-aging treatment to moisturize the skin, diminish the appearance of fine lines and wrinkles, visibly improve the skin tone and texture, and create a more even skin tone. This cream contains our innovative blend, HumiGrowth®, a unique combination of growth factors, antioxidants, and a peptide complex. It is ideal for normal to dry and sensitive skin types.

INGREDIENT HIGHLIGHTS

- Caprylic/Capric Triglyceride, Human Adipose Stromal Cell Conditioned Media (Growth Factor), Human Neonatal Fibroblast Conditioned Media (Growth Factor), Tetrahexyldecyl Ascorbate (Vitamin C), Squalane, Tocopheryl Acetate (Vitamin E), Swertia Chirata Leaf Extract, Palmitoyl Tripeptide-5, Ubiquinone (CoEnzyme Q10)

RECOMMENDED SKIN TYPES

Meet your new go-to
**BioPeptide
Growth Factor
Cream!**

Our newest, one-of-a-kind growth factor packs a powerful punch with a slew of ingredients that effectively turn back time at a molecular level resulting in a more radiant and youthful complexion. This innovative product, fortified with our revolutionary HumiGrowth®, rejuvenates aged skin cells, promotes skin cell growth, improves the appearance of fine lines and wrinkles, increases the firmness of the skin, and enhances the skin's complexion.

- ✓ Utilizes a unique combination of growth factors, antioxidants, and a peptide complex
- ✓ Reduces melanin synthesis by up to 80%
- ✓ Protects the skin's surface lipids (SSL) to strengthen barrier function and protect the skin
- ✓ Smooths and blurs appearance of vertical lines within 7 days

- ✓ Mimics the body's own mechanism to produce collagen
- ✓ Increases collagen level within the skin by up to 76%
- ✓ Improves overall appearance and firmness of the skin
- ✓ Oil-free, fragrance-free

RECOMMENDED SKIN TYPES

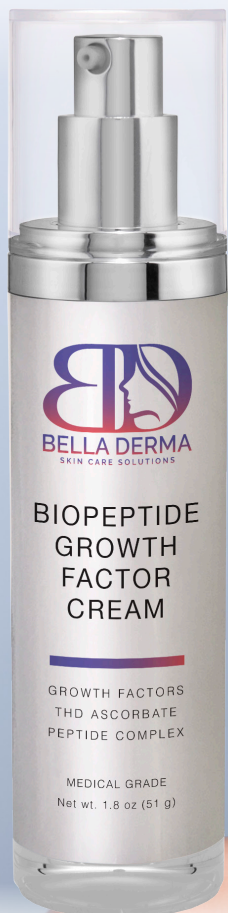

Ingredient Highlights:

Caprylic/Capric Triglyceride, Human Adipose Stromal Cell Conditioned Media (Growth Factor), Human Neonatal Fibroblast Conditioned Media (Growth Factor), Tetrahexyldecyl Ascorbate (Vitamin C), Squalane, Tocopheryl Acetate (Vitamin E), Swertia Chirata Leaf Extract, Palmitoyl Tripeptide-5, Ubiquinone (CoEnzyme Q10)

Rejuvenate the skin with

BIOPEPTIDE GROWTH FACTOR CREAM!

RECOMMENDED SKIN TYPES

Visibly reduces the appearance of fine lines & wrinkles, and pore size

Contains growth factors and cytokines responsible for regulation of cell functions

Rejuvenates aged skin cells

Protects against signs of photoaging through the use of powerful antioxidants

Hundreds of proteins and peptides present promote skin cell growth, skin reconstruction, and regeneration

This unique and creative formulation, containing human growth factors, a peptide complex, antioxidants, and other skin-restorative ingredients, combats against signs of aging, enhances the production of collagen and elastin, and rejuvenates the skin. Other elements also replenish the skin's fatty acids needed to hydrate the skin, leaving it soft, smooth, and restoring its youthful appearance.

- ✓ Utilizes our HumiGrowth® technology, which is a synergistic blend of powerhouse anti-aging ingredients, including Human Growth Factors, antioxidants, and a peptide complex

BioPeptide

GROWTH FACTOR CREAM

REGENERATING, REPLENISHING, RESTORING

Next generation growth factor mitigates safety concerns and shows enhanced efficacy

Human growth factors: "According to Baylor College of Medicine, they are the closest match to our own skin cells, making them the best option amongst plant, animal, and human growth factors"

Ethically sourced human growth factors thoroughly tested against disease

- Human Adipose Stromal Cell Conditioned Media - adipose from a healthy adult donor

Human Neonatal Fibroblast Conditioned Media- Neonatal (NOT fetal) tissue samples from hospital

Visible pore reduction after 4 weeks of use

First day of study

7 days after application of HumiGrowth's Swertia Chirata Leaf Extract Using a VISIA CR Digital imaging analysis.

Images from our clinical data available on file. Individual results may vary.

COMPARED TO OTHERS ON THE MARKET, BIOPEPTIDE GROWTH FACTOR CREAM IS:

Less costly than other similar products

Not tacky to the touch or pungent smell

Paraben-free

A synergistic formula comprised of a cocktail of anti-aging ingredients

Available to private label - your own custom label

Visible wrinkle reduction after 4 weeks of use

Prior to application

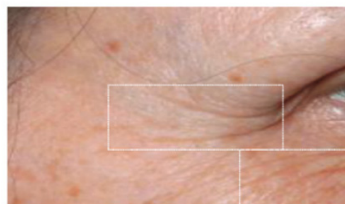

4 weeks after applying peptide complex found in HumiGrowth® regularly

reduced wrinkle depth

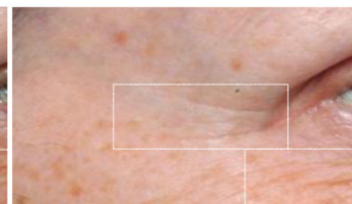

Images from our clinical data available on file. Individual results may vary.

OTHER TYPES OF GROWTH FACTORS: *

- Bioengineered to try and mimic human growth factors
- Comparably unsubstantiated results
- Thought to be less effective
- Better positioned for short-term use

Prior to application

12 weeks after applying peptide complex found in HumiGrowth® regularly

Images from our clinical data available on file. Individual results may vary.

*We are referencing other non-human growth factors. Data is pulled from our BioPeptide Growth Factor Cream Clinical Presentation
